Frequently Asked Questions

ABOUT THE CVS CAREMARK RETAIL NETWORK

Q. Can I receive additional Prescription Cards?

A. Yes, for additional Prescription Cards, please call a Customer Care representative toll-free at 1-800-307-5432.

Q. May I fill my medication at a non-participating pharmacy?

A. There are more than 68,000 participating pharmacies in the CVS Caremark retail network. When you choose to go to a non-participating pharmacy, you will pay the full prescription price. If you use a non-participating pharmacy, you should submit a paper claim form along with the original prescription receipt(s) to CVS Caremark for reimbursement of covered expenses. You can download and print a claim form when you log in to www.caremark.com.

Q. When should I use a retail pharmacy instead of the CVS Caremark Mail Service Pharmacy?

A. You should use the retail pharmacy for your immediate and short-term medication needs. Use mail service or CVS/Pharmacy for your long-term maintenance medication needs.

ABOUT THE CVS CAREMARK MAIL SERVICE PHARMACY

Q. Why should I use the CVS Caremark Mail Service Pharmacy for my prescriptions?

A. The CVS Caremark Mail Service Pharmacy is a convenient and cost-effective way for you to order up to a 90-day supply of maintenance or long-term medications. You can have your long-term medication delivered to your home, office or a location of your choice with free standard shipping. By using mail service, you minimize trips to the pharmacy while saving money on your prescriptions. If you prefer, you can get your long-term medications at your local CVS/Pharmacy for the mail service copay.

Q. How long does it take for my prescriptions to arrive by mail?

A. Please allow 7-10 days for delivery from the time the order is placed.

Q. How do I check the status of my order?

A. You can check your refill order status at www.caremark.com or by calling toll-free at 1-800-307-5432.

Q. How should I ask my doctor or other prescriber to write my prescription in order to receive the maximum benefit from the CVS Caremark Mail Service Pharmacy?

A. Remind your doctor or other prescriber to write a "90-day supply plus refills," when clinically appropriate, for maintenance medications. CVS Caremark must fill your prescription for the exact quantity of medication that your doctor or healthcare provider prescribes, up to your plan design limit. When you need to take your maintenance medication right away, ask your doctor or other prescriber for two prescriptions:

- The **first** for up to a 30-day supply
- The **second** for up to a 90-day supply, with refills when clinically appropriate

Have the short-term supply filled immediately at a CVS Caremark participating retail pharmacy and send the 90-day supply prescription to the CVS Caremark Mail Service Pharmacy. If you prefer, bring the 90 day supply prescription to your local CVS/Pharmacy, for the mail service copay.

ABOUT THE CVS CAREMARK DRUG LIST

Q. What is a drug list?

A. It is a list of preferred prescription medications that have been chosen because of their clinical effectiveness and safety. This list is typically updated every three months. The drug list promotes the use of preferred brand-name medications and generic medications whenever possible. Generic medications are therapeutically equivalent to brand-name medications and must be approved by the U.S. Food and Drug Administration (FDA) for safety and effectiveness. Generally, generic medications cost less than brand-name medications. You can get a drug list by either visiting www.caremark.com or by calling Customer Care toll-free at 1-800-307-5432.

Q. How do I change to a generic or preferred drug?

A. To save money, have your doctor or other prescriber choose a generic or preferred brand-name medication from the CVS Caremark Drug List, if appropriate. You may want to take the list with you when you visit your doctor or other prescriber.
